PROFESSIONAL EXPERIENCE

Protiviti

Internal Audit and Financial Advisory Intern – Technology

Los Angeles, CA

May 2026 – July 2026

- Tested IT general controls for two publicly traded clients, achieving ~86% first-pass accuracy on 70 pieces of audit evidence
- Identified 4-5 control exceptions per engagement through independent review, driving client reconfirmation
- Prepared testing workpapers across Change Management, IT Operations, and Security Administration

AfterQuery

Financial Analyst

Los Angeles, CA

May 2025 – July 2025

- Analyzed 20+ Fortune 500 10-K filings to identify growth drivers and risk factors for investment due diligence
- Evaluated business models and competitive positioning across 3-4 industries to compare company performance
- Structured financial findings into consistent formats used to train and improve AI-driven analysis tools

ROOF Los Angeles

Real Estate Project Intern

Los Angeles, CA

June 2024 – February 2026

- Identified expansion opportunities worth up to 30% projected revenue growth through Chinese-speaking market research
- Estimated valuations and rent pricing by analyzing comparable sale and rental data for up to 20 properties
- Supported 30+ property showings and open houses, building relationships with Chinese-speaking clients

LEADERSHIP

Alpha Kappa Psi

VP Finance

Los Angeles, CA

December 2025 – Present

- Manage a \$30K+ budget and financial strategy for a 90+ member organization across concurrent initiatives
- Lead targeted fundraising initiatives that have increased member engagement by 20%
- Build corporate sponsorship relationships to diversify and grow the chapter's funding streams

Nikkei Student Union

Treasurer

Los Angeles, CA

May 2024 – February 2025

- Grew club funds from about \$4,000 to over \$11,000 through fundraising events and financial planning
- Presented funding proposals to the SAFAB committee, securing 87%+ of requested funding each semester
- Expanded the club's network fivefold through partnerships with local businesses and cultural organizations

PROJECTS

Career Platform Website (this site)

ISBA 4775 – Networking & Cloud Computing

Los Angeles, CA

September 2026 – Present

- Built a database-driven personal career platform in GitHub Codespaces using a spec-driven, AI-assisted workflow
- Managed development through Git branches and worktrees, testing each feature before merging and pushing to GitHub

RMBS Market Intelligence Dashboard

Analytics Engineering Capstone Project

Los Angeles, CA

March 2026 – Present

- Designed a live dashboard tracking 9 housing and credit indicators, including mortgage rates and delinquency
- Built an automated SQL data pipeline (Python, Snowflake, dbt, GitHub Actions) drawing on 16 financial sources

Allegiant-Sun Country Airlines Acquisition Analysis

LMU Mergers and Acquisitions Course

Los Angeles, CA

Spring 2026

- Valued the target using DCF and comparable company analysis (Capital IQ) at a 7.8% WACC
- Modeled \$140M in projected deal synergies to evaluate the strategic rationale for the acquisition

RollEase Startup Project

LMU Fundamentals of Entrepreneurship

Los Angeles, CA

August 2023 – December 2023

- Validated market need through interviews with up to 20 target users and built a go-to-market strategy
- Built revenue, profit, and cost projections to support an SBA funding ask and presented the business case
